

# SUHSD Celebrates Earth Day 2015

## SUHSD has saved more than:

**5.3 Million kWh of Electricity**

**22,318 MMBTUs of Natural Gas**

These savings are equal to: 2,416 metric tons of carbon dioxide emissions being prevented, or 503 automobiles being removed from the highways annually, or the amount of CO<sub>2</sub> sequestered by 61,938 tree seedlings planted and grown for 10 years.

*Being good stewards of both our money and our environment gives us a great sense of satisfaction as we celebrate Earth Day 2015.*

Thank you for all you do to help.
