

Castle Park Middle Presents....

MATH PLACEMENT TEST FOR INCOMING 7TH GRADERS

Castle Park Middle invites incoming 6th grade students who are interested in taking the Compacted Integrated Math 7 (an accelerated math course) to take our math placement test.

Exceptionally strong Math performance in sixth grade may indicate that your student is ready to enroll in the Compacted Math course. The Compacted Math course covers Integrated Math 7, Integrated Math 8, and Integrated Math Course I. If you would like your student to enroll in the Compacted Math course in seventh grade, he or she must complete and earn a passing score on the Math Placement Assessment.

Math Placement Test Dates

- Saturday, May 14th 10am – 12pm
- OR
- Saturday , May 21st 10am-12pm

Students should report to the Castle Park Middle main entrance no later than 9:45am. Students will have a 120-minute time limit for taking the test (40 Questions). Students may NOT use calculators. **Students may only take this test once.** We look forward to seeing you there!

Questions? Call the Counseling Office at 619-498-6015

NOTE: Parents/Guardians - Please know that your child is not required to take the test or to enroll in Compacted Integrated Math 7. This is an option for students who have advanced math skills and want to take a more challenging course.
