

COVID-19 HASN'T STOPPED! WHY STOP FREE TESTING?

Positivity rates are still high. While Omicron cases have decreased, rates are up from last year

You can get COVID-19 again, even if you had COVID-19 in the past

Your immunity from COVID-19 can decrease over time, even if you've been vaccinated or recovered from COVID-19

Testing is an effective way to decrease spread of COVID-19 in your school and community

Over 1 million California school community members have already gotten tested. Join them in the efforts to stay in school safely!
